WEDDING COLLECTION

pricing guide

HOW IT WORKS Use this pricing guide to browse pricing for all items. The guide is organized by printing method (Flat Printing, Letterpress, and Foil Stamping) with pricing for individual items and quantities for each method.

“Base Set” pricing is also provided so you can compare pricing for the different print methods at a glance. Pricing starts at \$6 per base set for flat print, \$14 per base set for letterpress, or \$18 per base set for foil stamping. *A base set includes the invitation and RSVP card on 100% cotton paper with matching blank envelopes.*

Alternatively, you can request a quote via the wedding inquiry form and we'll put together a custom quote for your order.

HOW IS PRICING DETERMINED? Wedding stationery pricing is based on the print method and quantity ordered. All items are priced and can be purchased separately so you can build an invitation suite with exactly the pieces and upgrades you desire.

WHAT IS INCLUDED? Pricing for collection pieces includes changing the wording, colors, and fonts, along with your choice of printing method and paper and envelope color. View our invitation customization guide to see all your options. You can request custom changes to any collection designs, or order a completely custom design, for an additional fee.

PRINTING METHODS Banter & Charm offers three printing methods: Flat Printing, Letterpress, and Foil Stamping.

You can use multiple printing methods on a single piece. *For example, 2-Color letterpress (graphic and text) + Foil Stamping (for names) as seen in the Harmonious suite.*

You can choose a different printing method for each piece in your order. *For example, 2-color Letterpress for the invitation and Flat Printing for the RSVP card.*

ORDER PROCESS Please view the order process page for detailed information.

TURN AROUND TIME Allow at least 4 weeks from start to ship for flat print orders, and 8 weeks from start to ship for letterpress or foil orders. *Specialty finishing services, such as die cutting, envelope liner assembly, or address printing, require additional time.*

BASE SET PRICING

A base set includes the invitation and RSVP card on 100% cotton paper with matching blank envelopes.

Pricing includes your choice of design from our Wedding Collection, personalized with your wording, colors, and fonts. See the Upgrades page for additional options.

All items are available to purchase separately; please view the individual pricing on the following pages.

**Foil portion cannot be moved or edited in Gilded Collection designs. Upgrade to a custom size or foil design for \$200 per item.*

FLAT PRINTING

With flat printing, ink is transferred to paper by a digital printing press. The ink lays down flat on the paper leaving a smooth finish. Flat printing produces high quality prints in a wide variety of colors, making it ideal for photo cards, designs with multiple colors, or with large areas of color.

Flat print wedding invitations are offered on thick 118# 100% cotton paper in Brilliant White or Soft White. Save the dates are printed on 120# 20% cotton paper.

Flat print orders include unlimited ink colors. Choose from the standard ink colors, or upgrade to a custom color for \$40.

FLAT PRINTING	50	75	100	125	150	175	200	225	250	275	300

FLAT PRINTING WITH FOIL

THE GILDED COLLECTION

Flat printing with foil is available for designs shown the Gilded Collection.

The Gilded Collection is a special selection of designs that pair a non-editable foil element with personalized flat printing.

Flat printing with foil is offered on thick 118# 100% cotton paper in Brilliant White or Soft White.

Save the dates are printed on 120# 20% cotton paper.

You can choose unlimited standard ink colors for the flat print portion of the design.

Choose from gold, silver, rose gold, or copper for the foil portion.

FLAT + FOIL STAMPING <i>unlimited flat print + 1 foil</i>	50	75	100	125	150	175	200	225	250	275	300
A7 Invitation <i>with blank envelope</i>	235	290	335	380	420	460	510	550	580	645	680
4bar RSVP card <i>with blank envelope</i>	145	195	235	275	305	345	375	395	420	440	455

Save the Date, flat A7 <i>with blank envelope</i>	175	220	250	287	325	355	385	415	435	455	475

Foil portion cannot be moved or edited in Gilded Collection designs.

Upgrade to a custom size or a custom flat print + foil design for \$200 per item.

LETTERPRESS

With letterpress, ink is transferred from a raised surface (a printing plate) to paper using the pressure from an antique press, creating impressions in the paper. A custom printing plate is created for each ink color, then paper is hand fed through the press one at a time.

Blind letterpress—no ink, just impression—produces a subtle elegant look. *See an example in the Harmony suite.*

Letterpress stationery is printed on Fluorescent White or Pearl White 100% cotton paper in 110# cover weight, or upgrade to luxe 220# double thick cover.

Letterpress is priced per ink color. *Because a separate printing plate is made for blind letterpress, it counts as a "color" for pricing purposes.* Choose from the standard ink colors, including metallic silver and metallic gold, or upgrade to a custom color for \$40.

FOIL STAMPING

With foil stamping, a die is used to press metallic foil to paper, leaving an impression similar to letterpress. Like letterpress, a custom die is made, and paper is hand fed through a press one piece at a time. However foil is shiny and opaque (as opposed to letterpress inks that are slightly transparent).

Foil stamp stationery is offered on Fluorescent White or Pearl White 100% cotton paper in 110# cover weight, or upgrade to luxe 220# double thick cover.

Foil stamping is priced per foil and ink color. *Because a separate printing plate is made for blind letterpress, it counts as a "color" for pricing purposes.* Choose from gold foil, rose gold foil, copper foil, or silver foil, or add letterpress in your choice of standard ink colors or blind letterpress. Upgrade to a custom foil or ink color for \$40.

ENVELOPE PRINTING

Flat printing is available for light colored envelopes using dark inks.

Dark colored envelopes can be printed with white ink using a specialty flat print method. *White ink printing is only available on Black, Slate, Chocolate, Paper Bag, Eggplant, Wine, Navy, Emerald, Peacock, and Crimson envelopes.*

Letterpress or foil stamping is available for your return address and RSVP mailing address. Refer to the individual pricing found on the Letterpress and Foil Stamping pages.
