

MONOGRAMS

Monograms can be scaled to any size, and are available in any ink color. Choose a different font from the font library, or add a frame or icon from the motif library for a unique-to-you design.

A NOTE ABOUT MONOGRAM ETIQUETTE

Traditional etiquette states that your married monogram should not be used until after the wedding ceremony. If you plan to follow traditional etiquette, save the single initial and three initial styles for after the wedding. Two initial styles (the bride and groom's first initial) are perfect for pre-wedding stationery like save the dates and invitations.

ONE INITIAL MONOGRAMS

Single initial monograms features the first initial of the couple's married last name.

TWO INITIAL MONOGRAMS

Couple's monograms traditionally feature the bride's initial on the left and the groom's on the right.

The fonts can be customized in the following designs.

DRESS IT UP

Add a border, motif, or wreath to turn a simple monogram into a custom crest.

These are just a few examples of how you could combine the elements.

See the Decorative Motifs guide for more options.
